Address: Island Circle, Clearlake Oaks, Clearlake

Price: 999.00 \$

Rated as one of two top water bikes! Offers easy to use, low impact exercise and rehab activity, great fun for everyone from 8-80.

Unique broad hull design is more stable than canoes or kayaks, and handles wakes or waves in freshwater or saltwater.

No need to get wet - just step on the hull, sit down on the seat, and pedal away! Even easier than riding a bicycle - no balancing required.

Perfect for taking supplies to boats docked offshore or fishing in out of the way places. Requires only 18" of water to navigate.

Stay active and fit on the water this year on this hard-to-find, affordable water bicycle!

Similar models sell for \$6000+. You won't find a better one than this, even at twice our
